#### SECTION 4 - FIRST AID MEASURES

Inhalation: If respiratory distress or irritation occurs, remove victim to fresh air. Seek medical attention in the event of an adverse reaction or if symptoms of irritation develop.

Skin: Seek medical attention in the event of an adverse reaction or if symptoms of irritation develop.

Ingestion: Seek medical attention if ingestion occurs.

Eyes: Hold eyelid open and flush with water for at least 15 minutes. Seek medical attention in the event of an adverse reaction or if symptoms of irritation develop.

Signs & Symptoms of Overexposure: Treat symptomatically. No specific antidotes are recommended.  
 For some individuals prolonged/repeated skin exposure may cause irritation or aggravate existing skin conditions.

#### SECTION 5 - FIRE FIGHTING MEASURES

Flash Point (Method Used): >93 C (200 F) Closed Cup Flammable Limits: LEL: N/A UEL: N/A

Extinguishing Media: Small fires: Dry chemical, carbon dioxide. Large fires: Universal foam or water spray.

Special Fire Fighting Procedures: Use self-contained breathing apparatus and full protective gear if large quantities of product are involved.

Unusual Fire and Explosion Hazards: Closed containers may explode (due to pressure buildup) when exposed to extreme heat.  
 Thermal decomposition may include oxides of carbon and/or nitrogen.

#### SECTION 6 - ACCIDENTAL RELEASE MEASURES

Observe all personal protection equipment recommendations described in Sections 5 and 8. For large spills, dike or contain spill. Clean up spill with appropriate absorbent material and dispose appropriately. Clean area to prevent a slip hazard. Local, state, and federal laws and regulations may apply to the release and disposal of this material, as well as materials used in the clean up. Spills may be reportable to the National Response Center (800-424-8802).

#### SECTION 7 - HANDLING AND STORAGE

Utilize standard safe handling and transportation techniques to avoid spillage or rupture of the product. Do not eat, drink, or smoke in the work area.  
 For professional and consumer use, use as directed and avoid eye contact. Wash hands after use.

Minimum/Maximum Storage Temperatures: 4 to 49 C (39 to 120 F) Expected shelf life, if stored under optimum conditions, is three (3) years.

Store in a cool, dry, and well-ventilated area away from direct sun-light and away from incompatible materials.

#### SECTION 8 - EXPOSURE CONTROLS / PERSONAL PROTECTION

This is a personal care product that is safe for consumers under normal and reasonably foreseeable use. Engineering controls or personal protective equipment are not required for consumer use.

Industrial Setting: Refer to Section 2 for components with exposure limits for the industrial workplace.

Engineering Controls: Use in well ventilated area. Store as directed in Section 7.

Personal Protective Equipment: Respiratory Protection: Not required. Eye/Face: Safety glasses or goggles if splash hazards exist.  
Skin: Not required. Avoid prolonged contact with skin and clothing.

Work/Hygienic Practices: Always follow good hygienic work practices.
